Rickie Rich and his girlfriend Christine Cash have got a lot of time for breakfast this morning because it is the first day of their holidays today. Rickie has eggs and bacon with tomatoes and mushrooms for breakfast. Christine only eats a piece of toast with jam because she is on a diet. They both drink a glass of orange juice.

Rickie's got a Rolls-Royce but after breakfast they go into town by bus because Rickie's chauffeur is on holiday, too. Then they visit the Tower of London and after that they have a snack at an Italian restaurant in the city centre.

At five o'clock p.m. Rickie goes to a pub and drinks two pints of bitter while Susan does the shopping. At a little shop around the corner she buys some pears and some apples, a bottle of French wine and a bottle of milk for their cat Tom. In the evening Rickie and Christine go to Buckingham Palace to have dinner with the Queen.
